OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

Children Of The Longhouse

A longhouse or long house is a type of long, proportionately narrow, single-room building built by peoples in various parts of the world including Asia, Europe, and North America.. Many were built from timber and often represent the earliest form of permanent structure in many cultures. Types include the Neolithic long house of Europe, the stone Medieval Dartmoor longhouse which also housed ...

The Longhouse - People of the Longhouse The Longhouse (or Birch Bark House) was a long, narrow house that was traditionally built by the American Native Indians of the Northeast Woodlands. The main tribes who used the longhouse were those belonging to the powerful Iroquois Confederacy which included the Mohawk, Oneida, Onondaga, Cayuga and Seneca people.

Longhouse: Native Indian Houses for kids

The children would help also and the whole house would have been a hive of activity. The longhouses would have been busy, noisy places. With large numbers of people living under one roof, and animals living there too, finding peace and quiet would have been impossible. There would have been almost no privacy in the longhouse either.
