This contribution serves as an update to a previous review (Polym. Chem. 2010, 1, 17–36) and highlights recent applications of thiol–ene 'click' chemistry as an efficient tool for both polymer/materials synthesis as well as modification. This current contribution covers examples from the literature published 2014's most accessed Polymer Chemistry articles

April 2014 servicing stack update for Windows 8.1 and ...

Congrats on your first update. It never takes more than 1/2 hour to go through the install after experiencing 12 updates thus far on my S. I usually sit through the process - if I was musically inclined, with all the clicks and clacks it goes through, one could create some interesting lyrics to go along with the process.
