Re: INDMAR Corvette overheating problem, please help Thanks for your replies. Should have clarified the engine is raw water cooled (fresh water only boat), there is no closed loop heat exchanger which makes the diagnosis all that much harder (in this configuration it is very difficult to pressure leak test the cooling circuit)

Indmar Assault - cutting out

Indmar used an E-controls ecm for at least my 2013. It's all proprietary. No one can just plug in and tune it. Even talking with Indmar they say they can't do it. At this point I may have to rewire and run MEFI 6, or better yet rewire to OBDII and have my usual engine (cars) tuner sit in the boat and tune while we run it, making the needed ...

Indmar Engine Problems

If you recall, the original installer was an INDMAR sales & service dealership in Dana Point where not the ones to do the original engine install but they are the ones that plumbed the exhaust, but the way the installer laid-out the exhaust was all wrong adding to the engine draw of salt water.<o ></o >

My 21V has an Indmar Assault 325 engine. Never had any problems with it before this year. First time out this yer: when the engine has been running for at least 20 minutes, it will start to bog down - won't run over 2k rpm. It even backfires some. We thought it might be bad fuel, so changed the fuel filter, and replaced the gas. Still the same ...

Last year I repowered my 77 SeaRay with brand new Indmar 5.7 ltr engines. For some reason, they keep getting water directly in the engines. The engines start to rattle like nuts and bolts in a coffee can. Indmar to date is not taking responsibility for this even though I used their authorized dealership for installation.
