Database Software and Applications | Microsoft Access
Microsoft Access 2016 is the eleventh full release of Access. Initially released in September 2015, it marks 23 years since the first version was released in 1992. Microsoft Access has come a long way since then. Access 2016 is included in the Office 2016 suite (PCs only). If you have a copy of Access you'll be able to do all the examples.

Database design basics - Access - support.office.com
Microsoft Access 2016 provides a rich platform for developing database management solutions with easy-to-use customization tools. If no end-user customization is required (including report modifications), you can choose to distribute those Access 2016 solutions so that they run without requiring a full installation of Access 2016.

Access 2016: Create a Form
To create a form: Access makes it easy to create a form from any table in your database. Any form you create from a table will let you view the data that's already in that table and add new data. Once you've created a form, you can modify it by adding additional fields and design controls like combo boxes. In the Navigation pane, select the table you want to use to create a form.

How to Generate Forms in Access 2016 - dummies
Access Forms 2016 - How to make and manage forms in Microsoft Access 2010, 2013, 2016 tutorial - Duration: 25:57. Tom Fragale - The PC Trainer 10,687 views 25:57

MS Access 2016 - Modify the Design of Form
Create a form from an existing table or query in Access To create a form from a table or query in your database, in the Navigation Pane, click the table or query that contains the data for your form, and on the Create tab, click Form. Access creates a form and displays it in Layout view.

Create a form in Access - Access
A good database design is, therefore, one that: Divides your information into subject-based tables to reduce redundant data. Provides Access with the information it requires to join the information in the tables together as needed. Helps support and ensure the accuracy and integrity of your information.
